

# ECO-Buy Associates

Associates of ECO-Buy are organisations who support ECO-Buy’s aim of increasing green and sustainable procurement in Australia and are part of the ECO-Buy network. In return, Associates receive access to the latest information and news, acknowledgement on the website, involvement in ECO-Buy events and discounts on training, tools and resources.

ECO-Buy is a Centre of Excellence in Green Procurement and has an extensive network of contacts on both the buyer and supplier sides of the Australian supply chain. As an independent not for profit, Eco-Buy works with a range of organisations across business and government to encourage sustainable procurement practices.
